

UTV BED-MOUNT TOOL RACK SYSTEM

Fully loaded with attachments on
(2) 1UTVTB's and (1) 1UTVRK
(Tools Not Included)

SYSTEM MOUNTS DIRECTLY TO SELECT KAWASAKI MULE VEHICLES BED W/O INTERFERING WITH THE CARGO STORAGE AREA

The UTV Bed-Mount Rack System allows you to keep tools close at hand, stored securely above the cargo bed.

The tool "racks" mount to the vehicle bed using adjustable metal brackets, custom designed for each application. Once installed on the vehicle you can add the full rack and attachments as needed.

UTV Bed-Mount Tool Rack

Cam Lever Latches

Simple and versatile – mix & match any combination of attachments. Cam lever latches built directly into each Artillian component allow you to mount, move or remove attachments in seconds!
